WHAT IS THE EACC, AND HOW CAN IT HELP MY BUSINESS?

The EUROPEAN AMERICAN CHAMBER OF COMMERCE (EACC) is a transatlantic network that connects thousands of executives in over 700 member companies through chapters in France, the Netherlands and the United States. Apolitical and member-led, we create connections that help businesses improve and grow.

The EACC in Italy

If your business would benefit from expanded connections to Italian, European and American peers, join us for a presentation on who the EACC is, what we do, and what it would take to launch an EACC chapter in Italy. Our delegation from the EACC Chapter in Cincinnati, Ohio USA will share their experiences and the benefits the EACC has brought to them. And we will have plenty of time to connect and network.

Contact EACC Cincinnati Executive Director Todd Schwartz at eacc@europe-cincinnati.com to reserve your seat.
