WHAT IS A J1 VISA?

Generally, a citizen of a foreign country who wishes to enter the United States must first obtain a visa, either a nonimmigrant visa for temporary stay, or an immigrant visa for permanent residence. Exchange visitor (J) visas are nonimmigrant visas for individuals approved to participate in exchange visitor programs in the United States.

The J1 Visa Program of the EACC Texas is designed to give European students, recent graduates, and professionals the opportunity for practical training in the US. The program encourages cultural exchange through an experience of US culture and the workplace. For EACC member companies, the J1 visa program provides access to global talent and the chance to build international relationships.
